# UNIVERSAL LASER BORESIGHT DELUXE KIT

## SIMPLE TO ADAPT - SAVE TIME, MONEY & AMMUNITION

Don't waste time and money sending countless rounds down range to get your firearm closer to zero. Quickly and easily bore-sight your scopes, red dots, laser or other aiming solutions comfortably at home or the range with the LaserLyte Universal Laser Boresight Deluxe Kit. This universal laser boresight kit is simple to adapt to most rifles, handguns and shotguns with the included caliber adapters. The 2-in-1 system includes a scope level to ensure your aiming solution is level and a boresighter to align the laser with the crosshairs or optics, getting you closer to zero.

**SAVE MONEY:** Use less ammunition by zeroing your sights before you hit the range

**EASY TO ADAPT:** Universal fit works with most rifles, handguns and shotguns.

Fits .22 to .50 calibers as well as 12 , 20 gauges and .410 bore

**PERFECT ALIGNMENT:** High-visibility laser helps to align your scope, red dot, weapon laser or iron sights in any lighting condition

**INCLUDED LEVEL:** Precisely align your scope's reticle for streamlined accuracy

**EVERYTHING YOU NEED INCLUDED:** Includes scope leveler, boresighter with non-marring adapters, daytime sight-in target, batteries and a handy case for easy storage and transport

Includes non-marring adapters, scope leveler, boresighter, sight-in target, and adapter tools.

## 2-IN-1 LASER CARTRIDGES

### SAVE TIME & MONEY, USE LESS AMMUNITION

Become a better shot and save money at the same time. LaserLyte Laser Cartridges offer a 2-in-1 option with both a laser trainer and laser bore sighting device by simply changing the included end caps. With the laser trainer cap installed the cartridge fires a laser every time the firing pin strikes. Available in most popular calibers these cartridges allow you to train with your actual firearm, for faster draw times, faster first rounds on target, and transitions between targets. The laser trainer also works with the LaserLyte training targets for a reactive, easy-to-use experience. The included bore sight cap also saves time and money, getting scopes, red dots, and lasers on target faster with less ammunition used.

- **SAVE MONEY:** Use less ammunition when training and sighting in
- **TRAIN WITH YOUR OWN FIREARM:** Practice your accuracy for faster draw times, faster first rounds on target and transitions from target-to-target
- **PRECISE ALIGNMENT WITH BORESIGHTER:** Turn your trainer into a constant ON laser for accurate sight-in of scopes, red dots, iron sights, and laser sights with precise and easy alignment
- **EASY-TO-USE SYSTEM:** Train with easy-to-use, out-of-the-box compatible reactive targets that quickly show hits and provide instant feedback
- **PROTECT YOUR FIRING PIN:** Laser trainer cap built to protect firing pin when fired

## STEEL TYME LASER TRAINER KIT (9mm)

### SAVE TIME & MONEY WITH HOME TRAINING & SIMPLE REACTIVE TARGET

Become a better shot and save money at the same time. LaserLyte Laser Cartridges offer a 2-in-1 option for firearms owners as both a laser trainer and laser bore sighting device by simply changing the included end caps. Train right out of the box with LaserLyte's simple and engaging reactive Steel Tyme target for instant and easy hit confirmation —no complex app required. With the laser trainer cap installed the cartridge fires a laser every time the firing pin strikes. Available in most popular calibers these cartridges allow shooters to train with the actual firearm. The laser trainer also works with all LaserLyte training targets. The included bore sight cap also saves time and money, getting red dots, and lasers on target faster with less ammunition used.

- **SAVE MONEY:** Use less ammunition when training and sighting in
- **TRAIN WITH YOUR OWN FIREARM:** Practice your accuracy for faster draw times, faster first rounds on target and transitions from target-to-target
- **PRECISE ALIGNMENT WITH BORESIGHTER:** Turn your trainer into a constant ON laser for accurate sight-in of scopes, red dots, iron sights, and laser sights with precise and easy alignment
- **EASY-TO-USE REACTIVE TARGET:** Train with an easy-to-use, out-of-the-box SteelTyme reactive target that quickly show hits and provides instant feedback
- **DYNAMIC TRAINING:** Customize your training experience with easy to set up targets that can make a PING sound and flash LEDs
- **WORKS WITH ALL LASERLYTE TARGETS:** Laser trainer compatible with all LaserLyte reactive targets

## STEEL TYME LASER TRAINER PISTOL KIT

### SAVE TIME & MONEY WITH HOME TRAINING & SIMPLE REACTIVE TARGET

Take your dry fire practice to the next level with our Steel Tyme® Laser Trainer Pistol Kit. The kit includes a Compact-Size Trainer Pistol and a reactive Steel Tyme electronic target. This is perfect for dryfire practice that doesn't require a trip to the range or the cost of ammo to train. The pistol features a realistic resetting trigger perfect for practicing proper trigger press, sight alignment, and resetting the trigger. Improve your trigger discipline, accuracy, and speed without the distraction of recoil and get instant audio and visual confirmation of a hit from the target. Easily expand into different drills using a variety of other LaserLyte products.

- **SAVE MONEY:** Use less ammunition when training
- **REALISTIC TRAINER PISTOL:** Includes compact-size trainer pistol with realistic weight and feel with a spring-loaded resetting trigger perfect for practicing proper trigger press, sight alignment and draw
- **ADJUSTABLE:** Easy-to adjust windage and elevation to dial in shot placement
- **EASY-TO-USE REACTIVE TARGET:** Train with an easy-to-use, out-of-the-box Steel Tyme reactive target that quickly show hits and provides instant feedback
- **DYNAMIC TRAINING:** Customize your training experience with easy to set up targets that can make a PING sound and flash LEDs
- **WORKS WITH ALL LASERLYTE TARGETS:** Laser trainer pistol compatible with all LaserLyte reactive targets
- **EVERYTHING YOU NEED INCLUDED:** Includes pistol trainer, 2.5" diameter Steel Tyme target and AAA batteries

#### Steel Tyme Target

- Easy to set up targets that make a PING sound and flash LEDs to confirm shots
- Has "silent" mode that only flashes when activated
- 2.5" diameter Target
- Stand on a surface or hang on a wall

#### Compact Trainer Pistol

- Features a 5mW peak, 630-670nm, Class 3A visible red laser that is in - the brightest beam allowed by law
- 5.5lb trigger pull to improve trigger finger strength and overall technique
